VEHICLE NUMBERING AND SIGNAGE REQUIREMENTS

The following vehicle signage is required for all vehicles contesting Rally NSW Series events.

Vehicle signage stickers:

Important – the vehicle numbers supplied are designed to not damage paintwork by the use of removable adhesive. When applying your vehicle numbers please **ensure that your car is clean and dry**. Press the stickers down **firmly** and rub to the edges and the corners. Avoid lifting and re-applying. The vehicle signage in use is a modified FIA style. Please refer to the sample vehicle diagram below:

- **2 x Door Plate Stickers:** To be placed at the top of both front doors. Door Plate Stickers are usually 450mm(W) x 150mm(H) and are provided by the event organisers.
- **2 x Large Orange Numbers:** To be placed on the side windows on both rear doors above the names (rear quarter windows on a coupe).
- **2 x Smaller Yellow Numbers:** To be placed on the top passenger side corner of the windscreen, and on the matching place on the rear windscreen.

[Please state other areas being used in your event, eg Partnership decals, otherwise delete this line.]

Example of a door plate set:

This particular example has some white space each side because the size of the file was 150 X 300. If you don't want white space, just design your artwork to fill the 150 X 450 space.
